

Garrett Eckl

2908 Bayview Pkwy, Lake Charles, LA 70605

garrettecklmusic@gmail.com • (585) 643-0400 • www.garretteckl.com

Education

- Peabody Conservatory**, Johns Hopkins University, Baltimore, MD 2022
M.M. Computer Music – Research and Technology Track
Advisors: Sam Pluta, Geoffrey Wright
- San Diego State University**, San Diego, CA 2020
B.M. Music Recording Technology and Audio Design
- Monroe Community College**, Rochester, NY 2018
A.S. in Liberal Arts

Teaching Experience

- Assistant Professor of Music Production**, McNeese State University 2023 - Present
- Teach music production, audio recording, music industry and general education music courses
 - Advise students, develop curriculum, and serve as program coordinator for the Music Production degree concentration
 - Develop marketing and recruitment strategies for the Music Production degree concentration
 - Maintain the department's audio equipment and provide live sound reinforcement and recording
 - Serve on department and university-wide committees
- Teaching Assistant**, Peabody Conservatory, *Intro to Programming* Spring 2021, 2022
- Held office hours
 - Graded student work
 - Prepared and gave lectures on select music programming topics
- Student Assistant**, San Diego State University, *Music Theory IV* Spring 2020
- Worked with professor to create appropriate lesson plans
 - Graded student work
- Tutor**, San Diego State University, *Music Theory III, Live Sound II* 2018-2020
- Taught theory one on one with visually impaired student and provided disability assistance
 - Taught live sound techniques, Pro Tools, Logic Pro, and recording techniques

Industry Experience

Director of Engineering, RIFFIT, Inc. 2022-2023

Music Technologist 2020-2022

- Member of team developing RIFFIT, a music learning software for real time text-to-song
- Developed an algorithmic composition system capable of synthesizing music in a variety of genres
- Maintained RIFFIT's React.js front-end application and Node.js back-end applications
- Conducted music research in the fields of algorithmic composition and machine learning
- Managed a team of developers and interns
- Assisted in the creation and presentation of Seed Round and Series A pitch decks

Audio Programmer, Freelance 2018-Present

- Create audio/MIDI plug-ins using the JUCE framework
- Design custom Max patches to assist live computer music performances
- Design C/C++ applications for use in music theory pedagogy

Sound Engineer, Freelance 2016-2020

- Provided sound reinforcement and front of house mixing services
- Provided studio mixing and mastering services
- Designed schematics for commercial-grade recording studios

Conference Presentations

Creating Custom Plugins From Directly Within Your DAW 2022

Korean Electro Acoustic Music Society Annual Conference
Seoul, South Korea

Publications and Intellectual Property

Van Der Ploeg, Leonardus H.T., and Garrett James Eckl. *Systems and Methods Capable of Generating Rhythmic Repetition Based on Textual Input*. 4 Mar. 2026. Patent pending.

Eckl, Garrett. "EZDSP: From Production to Programming." *Computer Music Journal Emille*, Vol.20, 2022, pp. 25-30.

Awards and Certifications

Dante Certification Levels 1 & 2, Audinate 2026

Excellence in Sound Design, Kennedy Center's American College Theatre Festival Region 6 2025

Pro Tools Certified User, Avid Technology Inc. 2018

Service and Volunteering

CARE Mentor , one-on-one mentorship with new undergraduate students	2025-Present
Faculty Advisor , Phi Mu Alpha Sinfonia Rho Zeta Chapter	2025-Present
Academic Advisor , Academic advising for all McNeese music production students	2024-Present

Professional Affiliations

Artist Ambassador , Staccato.ai	2025-Present
Member , Audio Engineering Society	2024-Present
Consultant , RIFFIT Inc.	2023-Present

Grants

JP Morgan Chase Bank Professorship in Music , McNeese State University	2025-2026
• Role: Principal Investigator • Project: Analog Recording Studio Simulator • Amount: \$6,288 • Description: Awarded money to design and install a 500-series rack module system in the department's new Music Production lab	
Technology Advancement for Students (TASC) Grant , McNeese State University	2025
• Role: Principal Investigator • Project: Integrating Orchestral Sample Libraries into the Music Curriculum • Amount: \$6277.06 • Description: Awarded money to install Spitfire Audio's BBC Symphony Orchestra sample library on all Holbrook Computer Lab machines	
JP Morgan Chase Bank Professorship in Music , McNeese State University	2024-2025
• Role: Principal Investigator • Project: Tritico Theatre Technology Upgrades • Amount: \$6,003 • Description: Awarded money to upgrade Tritico's wireless microphone system and install a livestreaming system	
Technology Advancement for Students (TASC) Grant , McNeese State University	2024
• Role: Principal Investigator • Project: Networked Pro Tools Recording System • Amount: \$19,609.80 • Description: Awarded money to build a Dante-enabled Pro Tools HDX system in the KBYS radio facility for multitrack recording projects.	

Henry C. Alexander Professorship in Music, McNeese State University

2023-2024

- Role: Principal Investigator
- Project: “Introduction to the Music Industry” Investment Fund
- Amount: \$6,005
- Description: Awarded money to establish a fund to support student business endeavors, as part of the “Introduction to the Music Industry” course final project.

Launch Grant, Peabody Conservatory

2021-2022

- Role: Principal Investigator
- Project: “EZDSP: From Production to Programming”
- Amount: \$2,500
- Description: Commissioned to develop a learning platform to provide students with an accessible introduction to digital signal processing concepts.

Courses Offered

Bold indicates a course I designed, *italics* indicates designed syllabus under existing rubric, * indicates first time teaching course, plain text indicates inherited course. All courses offered through McNeese State University.

Spring 2026:

MPRD 250: Audio Recording I: Live Sound

MPRD 450: Advanced Audio Production*

MUSC 215: Music Appreciation (online)

MUSC 327 A: Music Technology in the Classroom/Studio

MUSC 327 B: Music Technology in the Classroom/Studio

Fall 2025:

MPRD 155: Introduction to Music Technology

MPRD 350: Audio Recording II: Studio Sound

MPRD 400: Special Topics in Music Technology* (Topic: Game Audio)

MUSC 215 A: Music Appreciation

MUSC 215 C: Music Appreciation

MUSC 215 W1: Music Appreciation (online)

Spring 2025:

MPRD 250: Audio Recording I: Live Sound*

MPRD 360: Introduction to the Music Industry

MUSC 215 A: Music Appreciation

MUSC 215 W1: Music Appreciation (online)

MUSC 327: Music Technology in the Classroom/Studio

Fall 2024:

MPRD 155: Introduction to Music Technology*

MPRD 350: Audio Recording II: Studio Sound*

MUSC 215 A: Music Appreciation

MUSC 215 W1: Music Appreciation (online)

MUSC 215 W2: Music Appreciation (online)

Spring 2024:

MPRD 270: Critical Listening*

MPRD 360: Introduction to the Music Industry*

MUSC 215 A: Music Appreciation

MUSC 215 W1: Music Appreciation (online)

*MUSC 327: Music Technology in the Classroom/Studio**

Fall 2023:

MPRD 150: Fundamentals of Audio Recording*

MUSC 215 A: Music Appreciation*

MUSC 215 W2: Music Appreciation (online)*

Committees

* indicates committee chair, *italics* indicates college committee, **bold** indicates university committee, plain text indicates department committee

2025-2026:

Web/Social Media Committee*

Resources and Technology Committee

Curriculum Committee

College of Liberal Arts "Percent for Art" Committee

McNeese Website Development Committee

McNeese AI Advisory Council

Faculty Senate (Secretary)

Faculty Senate Executive Committee

Faculty Senate Faculty and Teaching Affairs Committee

Faculty Senate Community Partnerships Committee*

Faculty Senate Committee on Committees

Faculty Senate Rules Committee

2024-2025:

Web/Social Media Committee*

Resources and Technology Committee

McNeese Website Development Committee

McNeese Canvas Transition Committee

Faculty Senate (Secretary)

Faculty Senate Executive Committee

Faculty Senate Faculty and Teaching Affairs Committee*

Faculty Senate Academic Affairs Committee

2023-2024:

Web/Social Media Committee*

Resources and Technology Committee

Developed Software

Netronome (JavaScript, Web Audio)

2025-present

Netronome is a system for distributing precisely synchronized audio over a local area network.

Netronome functions as both a metronome and an in-ear monitor system, using both TCP and UDP connections to account for estimated asymmetric latencies within the network.

Cyber Singer (JavaScript, Python)

2024-present

Cyber Singer is a platform for inferencing singing voice synthesizer models from the client-side using a browser-based note input system.

SongR (JavaScript, C, Csound)

2022-present

SongR is an AI-powered text-to-song platform that consists of both a web application and an API. SongR can generate lyrics, produce melody and accompaniment in various genres, and generate fully produced music videos in near real-time. It has been used by hundreds of thousands of users to generate millions of custom songs.

RIFFIT Reader (JavaScript, C, Csound)

2020-present

RIFFIT Reader is an AI-powered text-to-song platform designed as a multi-modal educational tool for students with learning challenges. RIFFIT Reader users can upload text documents or create AI-generated educational lyrics by entering a prompt, and play them back as a custom produced song with a variety of voice options and in a variety of genres.

EZDSP (C++/SOUL)

2022

EZDSP is a platform for creating custom audio effects from directly within a DAW. Using JIT compilation, users can modify both the DSP algorithms and the GUI design of this plug-in from directly within the plug-in itself.

Real Time Humanizer (C++)	2021
Real Time Humanizer is a MIDI FX plug-in for generating expressive MIDI performances. Users can apply randomness to their MIDI tracks, and place emphasis on certain beats, creating recordings that more closely mirror that of a real musician.	

Audio Recordings/Engineering

Next to Normal , McNeese Theatre	2026
From the Kingdom of Dreams and Madness , McNeese Wind Symphony	2025
The Pride of McNeese Hype Video , The Pride of McNeese	2025
McNeese Jazz Band Spring 2025 Concert , McNeese Jazz Band	2025
The SpongeBob Musical , Christian Youth Theater Lake Charles	2025
Of Heroes and Monsters , McNeese Wind Symphony	2025
McNeese Jazz Band Fall 2024 Concert , McNeese Jazz Band	2024
Roger and Hammerstein's Cinderella , Christian Youth Theater Lake Charles	2024
"The Fall of a Trumpet Player" Soundtrack , Garrett Eckl & Kameron Lunon, Namrok Films	2024
Songs for Holding On , McNeese Choir	2024
Finding Nemo Jr , Christian Youth Theater Lake Charles	2024
Un Viaje de Música , McNeese Wind Symphony	2024
A Seasonal Celebration , McNeese Choir	2023
A Nod to the Masters , McNeese Wind Symphony	2023
Death of the Eldest Koelsh Brother , Your Name Here, Your Name Here Records	2021
NWEAMO Festival , San Diego State University	2020
The Magic Hummingbird , Joseph Waters	2020
She Loves Me , San Diego State University	2019

Compositions

"The Fall of a Trumpet Player" Short Film Score , Garrett Eckl, Namrok Films	2024
"The Hunter" Short Film Score , Garrett Eckl & Chris Bravos, Surfgrass Productions	2022
Synthetic Jellyfish , Garrett Eckl, Peabody Computer Music Recital	2021
Death of the Eldest Koelsh Brother , Your Name Here, Your Name Here Records	2021

Sound Design

Next to Normal , McNeese Theatre Department	2026
Buried Child , McNeese Theatre Department	2025
Polaroid Stories , McNeese Theatre Department	2025
The SpongeBob Musical , Christian Youth Theater Lake Charles	2025
Witch , McNeese Theatre Department	2024
Tender Atlas , McNeese Theatre Department	2024
Kimberly Akimbo , McNeese Theatre Department	2024
Lovesick , McNeese Theatre Department	2023
The Magic Hummingbird , Joseph Waters	2020
